

LALIZAS Pneumatic Line Throwing Device, Set SOLAS/MED/USCG

- Developed and manufactured in-house by LALIZAS for optimal performance and reliability
- For ship-to-ship or ship-to-shore line deployments, water rescues etc.
- Equipped with 4 rope prefilled projectiles and capable of firing each projectile over 230 m, complying with the requirements of Resolution MSC. 48(66) (LSA Code)
- The projectile is ejected from the thrust created by the instant release of compressed air from the air cylinder, making it safe for use even in flammable areas.
- A fully charged air cylinder (200 bar) can supply up to 4 maximum-range shots for the LALIZAS PLT device
- Aerodynamic projectile shape ensures minimum wind effect during operation
- SOLAS/MED/USCG approved
- Complies with Resolution MSC.81 (70) as amended

Code | 75295

Value for User

- ✓ Operated by compressed air instead of pyrotechnics facilitating transportation and storage globally
- ✓ The air cylinder is fully compatible with any 200 bar refill station for breathing air systems, provided the correct DIN 200 bar adapter is used
- ✓ The rechargeable compressed air cylinder allows for crew training with minimal to no material costs
- ✓ Significant economic benefit through lower long-term operational cost (no expiration date, minimised maintenance)

Practical packaging, making it easier to handle

TECHNICAL INFO

Bag Size (mm)	810 x 765 x 225
Total Bag Weight (kg)	17
Materials	Aluminium, Stainless Steel, POM, ABS
Finish	Hard Anodised
Minimum Shots (projectiles)	4
Shooting Chamber Pressure (Bar)	approx. 80
Cylinder	Steel
Air Pressure (Bar)	200
Volume (L)	2

Global Service & Supply Network

- ✓ Global **service network** through owned locations & third-party service providers
- ✓ Global **supply** of **LSA**, **FFE** and **spare parts**
- ✓ Certified quality standards by **major classification societies**
- ✓ **Robust warranty** supported directly by the manufacturer
- ✓ Streamlined **after-sales support** via our ticketing system

Safety is not just a product, it is an ongoing process!
